

You are receiving a link to view our daughter Katrina Meyer's Snapfish album of gladiolus photos (titled "2019 NAGC Auction Photos"). **You will need a password** to sign in to the album, so either use your existing password or create a new one for yourself. **After you sign in** you will be able to see photos **with names**, in a **larger size**, or view them through a **slideshow**.

These are photos of many of the glads on the email auction this year. Sorry that the photos aren't in alphabetical order. If you can teach us how to do that, we would love it.

On left side of screen, click on "show photo titles" button. On the top of the individual photos there is a magnifying glass with a + sign. Click on the + and the individual photo will come up. This way you can search for one specific variety without having to go through the whole slideshow. Make sure the Title button (top of page) says Title ON whether you are looking at individual glads or if you are viewing the slideshow.

On a smart phone, after you get logged into the site, click on the icon "more" which will let you choose the slideshow. When you start the slideshow, if the name of the variety is not showing, click on the icon with a " mark and it. The other icon II will pause the slideshow so you can advance at your speed.

We know there is a difference in screens, so try, try, try again and then call. We want to know if you are having problems so contact us, please!

John and Barb Meyer
